## A. R. JOHNS SUICIDES BY HANGING SELF.

A. R. Johns, former prominent Paris photographer, who was committed to the Eastern State Hospital at Lexington a month ago from Bourbon county, hung himself yesterday at the hospital.

Mr. Johns lost his mind from overwork, it was said, when he was committed, as he kept at work practically night and day. He was about 45 years old.

Mr. Johns made a rope out of strings of his bedding, which he tore up and hanged himself from the wire netting covering his window. He was dead when found. The news of Mr. Johns' death was communicated to County Judge Geo. Battered in a telephone message from the hospital, giving practically the same details as told above.

Mr. Johns came to Paris from the South several years ago and purchased the photographic studio then operated by C. F. Norman, which he successfully conducted until his mental trouble came upon him a few months ago. He had told several of his most intimate friends that he was a native of this country, though his parents were Cubans. He had spent several years in Cuba, and was conversant with the Spanish language, as well as other tongues. He was an artist with the camera, his work being of the very highest order of photographic excellence. He made friends in Paris rapidly, and to those who knew him well, he was a genial companion. The story of his misfortunes in the last days of his business career in Paris is a familiar one to our people.

The body will be brought to Paris to-day and will be interred in the Paris Cemetery, with services conducted at the grave by Bourbon Lodge, I. O. O. F., at three o'clock this afternoon.

## NEAR EAST RELIEF.

The drive for the Armenians and other Near East Relief sufferers is still on in Bourbon county.

There have been many generous donations to this fund, and yet there are numbers of people who have not donated anything. There are no doubt some who wish to contribute something to these starving and dying people and have not been called upon by a solicitor. As many homes have had sickness and no telephone connections, send contributions to Miss Mary Spears, who is county treasurer.

## ENVIEABLE RECORD OF PEOPLE'S BUILDING & LOAN

On March 6, the People's Building and Loan Association will end their sixth year of continuous business. During this time we have paid our stockholders an average annual dividend of better than 7 per cent, and much to the surprise of all connected with the management of this Association, we have outgrown all other similar organizations in this city. We believe that our slogan, "Keep the dollar moving," has been responsible for this excellent showing. We invite you to investigate our plan and ask that you let us help you make your dollar earn most. New series opens March 6.

## BOURBON POST AMERICAN LEGION HOLDS MEMORIAL SERVICE.

With impressive ceremonies, in the presence of a crowd that filled the Grand Opera House to its capacity Sunday afternoon, the memorial services for the "boys" of Bourbon county, whose lives went out on the battle field and in army hospitals, was held, under the auspices of Bourbon Post, American Legion, at 3:30 o'clock.

Relatives of the dead men occupied places of vantage in a special section of the house, reserved for them. The service opened with the playing of the national airs by the orchestra, followed by singing of "America," by the entire audience, standing. Dr. J. A. Orr, Commandant of Bourbon Post, presented the diplomas from the French Government. Rev. C. R. Grear, pastor of the Methodist church, read selections from the Scriptures, after which prayer was offered by Rev. Arthur Fox, pastor of the Paris Baptist church. A quartet composed of Charles B. Mitchell, Clay Sutherland, A. L. Boatright and Harry Kerslake, rendered as a special feature, the hymn, "Lead, Kindly Light," and "Lest We Forget," from Kipling's "Recessional." Rev. T. S. Smylie, pastor of the Paris Presbyterian church, delivered an address on "The Diplomas and What They Mean." The principal address of the afternoon was delivered by Rev. W. E. Ellis, pastor of the Paris Christian church, who spoke on the subject, "A Tribute to Our Dead Heroes." The audience sang, "The Star Spangled Banner." The benediction pronounced by Rev. Father Thos. Coleman, pastor of the Church of the Annunciation, closed the program.

In the bestowal of these French memorial certificates of honor and esteem, France pays homage to the American dead in the late war. The certificates are beautiful products of the engraver's art. Each bears a group figure placed on a cenotaph. The principal figure in the group symbolizes the soul and spirit of the American army. The sword is not in the scabbard, but ready at any moment to defend the weak and oppressed, who are symbolized by a group at the left, a mother holding a babe to her breast. At the right, the figure of a man chained and shackled symbolizes the conquered spirit of evil. Also at the right stands "Glory" crowning the spirit of America, who rejoices with the war veterans. Universal fame is represented by a winged figure. The American eagle is poised on a staff of peace. The whole is framed in a border of oak leaves. The cenotaph bears the signature of Raymond Poincaré, President of France and a message, "To the memory of (name) of the United States of America, who died for liberty during the great war, the homage of France." Above the group figure is a quotation from Victor Hugo, "The peoples should some to pray at the graves of those who died for their country."

Owing to the fact that several of the names on the certificates had been misspelled, they were not presented Sunday, but laid aside to be corrected, and will be presented to the nearest kin as soon as this has been done. The names of Bourbon's twenty-two who made the supreme sacrifice, and whose kin received the French certificates Sunday afternoon are as follows: 1. Charles Adair; 2. Bishop Batterton; 3. John Blythe; 4. Charles G. Butler; 5. Jas. E. Cain; 6. Miller Casey; 7. Joseph H. Holt; 8. James Mahoney; 9. Kelley B. Osborne; 10. James Weaver Neal; 11. Strother Prowitt; 12. Robert Rice; 13. Luther Carl Shanks; 14. William Vice; 15. Harry Chinn; 16. Harry H. Cunningham; 17. Elgin Dalzell; 18. Glennie Dunigan; 19. James Fuller; 20. Reuben B. Hutchcraft, Jr.; 21. Raymond Leslie Link; 22. William Allen Huddleston.

## THE HOSPITAL FUND.

With figures from several solicitors not reported, the meeting of solicitors and campaign managers for the Massie Memorial Hospital Fund, held at the Peoples-Deposit Bank, Saturday night, developed the fact that the fund had reached a little over the half-way mark, and was still "going strong," to use a homely phrase. Several good-sized subscriptions were reported by the solicitors, among them one for \$2,500. Weather conditions have hampered the solicitors in a large degree, but in spite of that they have been making a vigorous campaign, with the slogan, "The Hospital needs the money." Every argument that could be thought of to further the interest of the Hospital, has been put to use by the campaign committees, and the solicitors have had arguments of their own in convincing the people that the Massie Memorial Hospital needs the money and that they ought to give freely of their means. The campaign is still on, and no one is barred from contributing.

## TOBACCO MARKETS

The market closed for the week with the sale held Friday, when the market showed a better tone, considering the large amount of common grades on the floors. The sale opened at the Paris House No. 1, of the Independent Warehouse, when a total of 140,255 pounds of tobacco was disposed of for a money value of \$43,044.57, a floor average of \$30.69.

The Bourbon House held a block sale, selling a total of 195,350 pounds of tobacco for \$62,782.67, an average \$32.13. At the conclusion of the sale the market was closed out of respect to Charles C. Clarke, president of the Independent House, whose son, Claude Hedges Clarke, died of pneumonia.

## FRIVOLITY GIRLS FIGURE IN AUTO SMASHUP.

Four members of the "Frivolities of 1920" theatrical company, which played in Paris, Saturday night, narrowly escaped injury when the automobile in which they were returning to Lexington, skidded across the road, and was overturned at a point on the Lexington pike, at the intersection of that pike with the Bethlehem pike.

The machine, which was driven by a Paris chauffeur, skidded across the rails of the interurban line when approaching the McGinnis grocery, and was thrown into the ditch at the side of the road, the driver apparently losing control of the car. Miss June Griffith, one of the party, hurt her foot while escaping from the overturned car. Misses Celia Peterson, Bobbie McNabb and Bobbie Oerub, the other members of the party, received severe bruises and suffered from the effects of nervous shock. They were all placed in another car, which had been summoned from a local garage, and taken to Lexington, where their injuries were given medical attention.

Men who have never before given the matter much thought have put all ready-to-wear clothes in the same class. They're naturally prejudiced.

Ready-to-wear clothes in general did not have an enviable reputation. Now comes the necessity for economy and for the elimination of extravagance.

Conditions of to-day make men think. And the more thought they give to the matter, the better they can and do recognize the superiority of Stein-Bloch Smart Clothes at ordinary ready-to-wear prices.

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the gripe misery.

Don't stay stuffed-up! Quit blowing, snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine. Insist upon Pape's!

### His Prescription.

His father has a pronounced partiality for Bill, and the latter is diplomat enough to work this feeling of his father's whenever an opportunity offers. Quite recently young William injured his hand severely, and when his father returned home he inquired: "Well, Bill, how's the hand?" Seeing his father was in a mellow mood, William answered: "I think some ice cream would help it."

## DOCTOR GETS BACK HEALTH

Says Every Weakened, Run  
Down Person Should  
Take Vola-Tonic

A statement about Vola-Tonic given by Dr. Jules Townley McLean, chiropractor, 2823 Erie avenue, Hyde Park, Cincinnati, O., absolutely proves the powers of the "Builder of Strength."

Dr. Jules Townley McLean

Dr. McLean highly recommends Vola-Tonic to every weakened, run-down man or woman.

"My system was in a severely weakened condition for two years," Dr. McLean said. "This condition was due to my stomach. I was badly troubled with indigestion and constipation."

"I started reading about Vola-Tonic and became so interested that I got a bottle and started taking it."

"From what Vola-Tonic did in my case I can say that I can highly recommend the medicine. In fact, I don't think I could recommend Vola-Tonic too highly to any man or woman suffering from stomach troubles or a general run-down condition."

"Vola-Tonic helped my digestion from the start and also relieved the constipation. It improved my health all over so much that I expect to be able to resume my practice shortly, which I had to give up two years ago because of poor health."

Dr. McLean's statement is the best possible proof that Vola-Tonic is the medicine for YOU to take if YOU are feeling weak and run down. Get a bottle—TODAY!

## H. & W. LEAGUE OBSERVES 6TH BIRTHDAY.

The sixth birthday of the Bourbon County Health and Welfare League was observed Thursday afternoon, at the home of the President, Mrs. James McClure, on Vine Street.

Annual reports were made by the treasurer, Mrs. C. O. Hinton, the visiting nurse, Mrs. Harriet P. Minaker, by Mrs. W. O. Hinton for the Penny Lunch Department, and by Miss Mamie Spears for the membership drive.

The amount of good that is accomplished by the League can not be estimated in dollars and cents and cannot be set forth in meager words. Mrs. Minaker's services to this community are inestimable, she is positively tireless in her activities and rests neither day nor night if there is necessity for her services, and just now during the prevalence of influenza and pneumonia her assistance and advice are in constant demand.

Among other items of business discussed at this meeting it was decided to provide Mrs. Minaker with an office assistant, the details of securing same being left in the hands of a committee named by the president.

The treasurer's report showed that the receipts from all sources during the year 1919 amounted to over \$4,000, with a balance of about \$1,400 in the treasury, much of which will be required to meet the needs of the present crisis.

Mrs. Hinton's report of the Penny Lunches now being served at the Public School, was most gratifying, the venture now being self-sustaining under the capable management of Mrs. Batterton.

The membership drive has not been completed either in the city or county, owing to inadequate telephone service, sickness, etc., but the reports already received are most encouraging.

The receipts from the sale of the

## QUESTION CLEARED

Paris Readers Can No Longer Doubt the Evidence.

Again and again we have read of strangers in distant towns who have been cured by this or that medicine. But Paris' pertinent question has always been "Has anyone here in Paris been cured?" The word of a stranger living hundreds of miles away may be true, but it cannot have the same weight with us as the word of our own citizens, whom we know and respect, and whose evidence we can so easily prove.

Geo. McCandless, Second street, Paris, says: "My kidneys were inactive and I had backaches. Doan's Kidney Pills put a stop to all the troubles and they gave me complete relief."

### NO TROUBLE SINCE.

Over four years later Mr. McCandless said: "I haven't had any need of a kidney remedy since I last endorsed Doan's Kidney Pills. I consider myself permanently cured." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McCandless had. Foster-McBurn Co., Mfrs., Buffalo, N. Y. (adv)

## CHARLES ANGLIN

### GAINS 13 POUNDS

Was Almost a Physical Wreck Before Taking Tanlac—Feels Fine Now.

"About the luckiest day of my life was when I began taking Tanlac," said Charles E. Anglin, of 152 Beale avenue, Memphis, Tenn.

"Several years ago," he continued, "while living at Jonesboro, Arkansas, I had such a terrible attack of acute indigestion that I came near playing out. My stomach was in an awful fix and I just had to be most careful about my food, and even then I suffered nearly every day. My trouble pulled me down in strength and weight till I was almost a physical wreck and had to quit work entirely. I couldn't eat or sleep to do any good and would roll and toss in misery all night long. The medicines I took gave me only temporary relief and I was soon as bad off as I was before, if not even worse."

"My wife advised me to try Tanlac, as we had been reading so much about it, so I started on it and a few bottles of this medicine straightened me out fine. In fact, before I had finished my first bottle of Tanlac I was eating anything I wanted and improved so much that I was soon back at work feeling all right. I picked up eighteen pounds in weight and my clothes were getting too tight for me. Tanlac is a wonder and I don't believe it has an equal in the world."

Tanlac is sold in Paris by the People's Pharmacy. (adv)

### Indians' Apt Description.

Sinnapachugy is the word coined by the Navajo Indians of Utah for motorcar, and it is literally translated to mean a wagon that goes with a "chug," according to an authority on the language of the Navajo, Hopi and Apache Indians. The Indians are now seeking a word for the airplane. It is a miracle to them.

### The Girl in Business.

The big difference between young men and women in business is that the former know they have many years of work ahead, while the latter often feel that their sojourn in the business world is to be temporary. Only to the extent that a girl considers her work as a lifetime affair, and accordingly devotes her whole heart and soul to it, can she succeed in rising above the rank and file.—Forbes Magazine.

### Saturday Half Holiday.

The custom of having Saturday afternoon as a holiday is supposed to have originated in Scotland. It appears that by a council of William, king of Scotland, A. D. 1203, it was determined that Saturday, after the twelfth hour, should be kept holy, that every one might attend Vespers in preparation for Sunday.

### FOR THE CHILDREN.

Too much care cannot be exercised in selecting a cough medicine for children. It should be pleasant to take, contain no harmful drug and most effectual in curing their colds and coughs. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with many mothers. (feb-adv)

## LASALLE.

—Miss Cordie Owsley, received a telegram Saturday announcing the death in Miami, Florida, Friday night, of Ashley Lasalle, aged fifty-five, a former resident of Paris, following an illness of but a few hours.

Mr. Lasalle came to Paris many years ago, and secured a position in the job printing plant then conducted by W. A. Johnson. He was an expert workman, and was considered an authority on all things pertaining to the printing trade. He formed a partnership with J. T. Pryor, formerly of the Kentuckian-Citizen, and opened an office in the second story of the building at the corner of Main and Fourth streets, now occupied by the Paris Billiard Co. The firm did a good business in catalogue printing, the Shorthorn and blooded horse business then being in its prime. The firm of Lasalle & Pryor, dissolved partnership in later years, Lasalle going to Miami, Fla., where he became interested in the Miami Daily Record, eventually becoming president of the publishing company. Mr. Mann entered the employ of the Louisville & Nashville railroad at this point, beginning at the bottom, and working his way up, until he had arrived at the position of conductor on one of the most responsible "runs" on that line. He was highly regarded by his associates for his many manly qualities. ### Walk That Tells Character.

A peculiar walk is that of the long stride with the decided swing of the shoulders. This walk is generally to be seen in authors, actors and artists, and is characteristic of the art world, the man who has ideas of his own, and is quite untrammelled by convention. It denotes independence and, if accompanied by an emphatic planting down of the left foot, a stamp in fact, resolution and determination.

### PERIODIC BILIOUS ATTACKS

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not really crave food, but eat because it is meal time. If they will eat only light meal and no meat, then take two of Chamberlain's Tablets the attack may be avoided.

### ADMIRAL PEARY DEAD

WASHINGTON, February 23.—Rear Admiral Robert Edwin Peary, 64, retired, Arctic explorer and discoverer of the North Pole, died at his home here, of pernicious anemia, from which he had suffered for several years. Arrangements for the funeral have not been completed, but he will be buried with full naval honors.

Admiral Peary submitted to a blood transfusion at a hospital here ten days ago. He gradually grew weaker, however, and the end came early this morning. Dr. H. F. Strime, the Admiral's physician, disclosed that the transfusion this month was the thirty-fifth to which Admiral Peary had submitted within two years.

### GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty.

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

Ditto.

The first recorded case of attempted economy by a government official was unfortunately a failure. It appears that somebody, whose duty it is to issue all outgoing checks, attached his signature to the first one of a batch and simply put "ditto" on the remainder.—London Punch.

### CHRONIC CONSTIPATION.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.

### Qualities of Precious Stones.

Opals are in certain respects altogether peculiar among gem stones. Whereas other gems, such as the ruby, the emerald, and the sapphire, owe their colors to mineral elements by which the crystals are stained, the brilliant tints of the opal are due to its structure, ever so many minute cracks reflecting lights at different angles from their edges. An amethyst is quartz crystal of another variety, containing from 5 to 13 per cent of water.

In deference to the superstition of the actors, most theatres have no dressing-rooms numbered thirteen.

## WIDE AWAKE AND ACTIVE IS CLAIM OF LETTER-MAN

Says He Performs Duties With Renewed Vim Because of Trutona.

BOLWING GREEN, KY., February 23.—"I'm wide awake and active and really feel like working; seems as though I'm able to perform my duties with a new vim since taking Trutona," C. W. Howerton, a well-known letter carrier here, who lives at 106 Fourteenth street, said a few days ago.

"I hadn't been feeling well, and I was afraid to 'lag' along as 'flu' time was drawing near," Mr. Howerton continued. "My digestion was poor and although I slept well, my sleep didn't seem to be restful, as I usually felt lifeless, tired and draggy. My liver and kidneys were not normal either. I felt derowsy and sleepy most all day."

"After several of my neighbors had spoken to me about Trutona I finally decided to try the medicine. As I just said, I can perform my duties with a new vim since taking Trutona. I'm wide awake and active and feel more like working, it seems. Trutona gave me quicker relief than any other tonic I have ever taken and because of the quick thorough benefits I have gained through it I am glad to recommend this medicine."

Trutona is now being introduced and explained in Paris at Varden & Son's drug store.

### Clover Barometers.

The ordinary clover and all its varieties, including shamrock, are barometers. When rain is coming the leaves shut together like the shells of an oyster. For a day or two before rain comes their stems swell to an appreciable extent, and stiffen so that the leaves are borne more uprightly than usual. This stem swelling when rain is expected is a feature of many flowering grasses.

### DOLLARS AND CENTS

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

### Wage Successful War on Pest.

The worst enemy of the grape growers in California is a minute insect called the "thunder fly," because it appears in greatest numbers in hot and sultry weather, when thunder storms are frequent. A man out there has invented a suction apparatus, with a ten-horsepower blower, that is placed on wheels and driven through the vineyard, harvesting the pests from the vines as it goes along. It is said to work very successfully.

### Making Haste Slowly.

There is something extremely fascinating in quickness; and most men are desirous of appearing quick. The great rule for becoming so is by not attempting to appear quicker than you really are; by resolving to understand yourself and others, and to know what you mean, and what they mean before you speak or answer. Every man must submit to be slow before he is quick and insignificant before he is important.—Sydney Smith.

## POMERENE WILL SUPPORT GOV. COX FOR PRESIDENT

WASHINGTON, February 23.—Senator Pomerene, Democrat, of Ohio, withdrew Wednesday night from the contest for the Democratic Presidential nomination.

He indicated that he would support Governor Cox's candidacy.

Under the Ohio State primary laws he said, a solid delegation would be impossible, which, he said, virtually would mean both his defeat and that of Governor Cox at the San Francisco convention.

"It is of more consequence that I shall do the work for which I have been commissioned by the voters of Ohio when I was sent to the Senate than to neglect them to seek new honors," Senator Pomerene said in a statement addressed to the Democrats of Ohio. "I can not do my full duty in the Senate and give my time and energies to the campaign for the Presidency."

"Under the present law, it is all but impossible in a contested primary for any candidate, whoever he may be, to get the solid delegation from the State, and for a candidate to go into the National Convention with a divided delegation insures his defeat."

"Again, a primary contest would be carried on with vigor on both sides and while it can be assumed that the candidates would conduct the campaign in the best of spirit, much bitterness would arise among their friends and to such an extent as to jeopardize the prospects of the party at the ensuing election. I have received too many honors at the hands of the Democratic party to allow myself to be the means either of dividing the party at home or splitting the delegation so as practically to destroy the chances of bringing the nomination to an Ohio son. I therefore can not consent to be a candidate."

## INFLUENZA AND WEAK BLOOD

Run Down and Listless Condition May Make You a Target For the "Flu"

Because Blood Is Probably Thin

At This Time of Danger, Take Pepto-Mangan—It Builds Rich, Red Blood.

No matter how well you usually are, if temporarily you're run down, you're a target for the influenza.

Contagion always gets listless people first. Whether they realize it or not, their blood is thin and undernourished—in no condition to fight off the germs it meets everywhere.

It is a wise precaution to take a good tonic at this time of danger—some well-known builder of red, vigorous blood, like Pepto-Mangan.

And if you did not think of this in time—if you are now recovering from a fight with influenza—your blood will need help for weeks after you think the danger is past.

Take no unnecessary chances. Get Pepto-Mangan and start taking it to-day. Pepto-Mangan is an effective blood builder that has had the endorsement of physicians for years.

Pepto-Mangan is sold by druggists in either liquid or tablet form, just as preferred. There is no difference in medicinal value. But be sure you get the genuine Pepto-Mangan. Ask for Gude's Pepto-Mangan and be sure the name is on the package. (adv)

### Bound to Get His Share.

Little five-year-old Willie was invited to a birthday party. On his return home his mother was surprised to see him take two big pieces of cake out of his pocket. When asked for an explanation Willie replied: "Mamma, I could not eat much because my stomach was full, so I brought some things home."

## Give Me a Friendly, Natural Hand-shake

an' a friendly natural tobacco. Keep yo' put-on airs an' "sauced-up" tobaccos for the fellow that likes nut sundaes better than home made pie—

So says a friend of ours named Velvet Joe. And he just about hits the nail on the head.

Velvet is made for men who think there's no smoke like real tobacco. If you are that sort of man, listen:

Velvet was born in old Kentucky, where more than one good thing comes from. It was raised as carefully as any other Kentucky thoroughbred. But the real secret of Velvet's friendly qualities is its slow natural ageing in wooden hogsheads. Ageing in the wood never hurt anything—and least of all, tobacco.

And so we say, Velvet is good tobacco—nothing more or less. It runs second to none.

The picture of the pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

## Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars.

The freight on it has increased only 5½ cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5½ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.
